

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Text in brackets and strikeout [000] denotes canceled text; underlined text, 000, denotes added text.

28. (Previously presented) The composition of claim 30 wherein the antibody fragment binds p185HER2.

29. (Previously withdrawn, readmitted and currently amended) The composition of claim [27] 30 wherein the antibody fragment binds CD18.

30. (Currently amended) A composition comprising a physiologically acceptable carrier[;] and a mixture of an antibody fragment comprising incorrectly disulfide linked light and heavy chains and the antibody fragment comprising correctly disulfide linked light and heavy chains, wherein the purity of the antibody fragment comprising correctly disulfide linked light and heavy chains in the composition is at least about 95%, and wherein the antibody fragment is selected from the group consisting of a F(ab')₂ fragment, Fab fragment[, ~~Fab' fragment~~] and linear F(ab')₂ fragment.
